

## services

Brindley Associates Ltd is a registered practice of landscape architects, environmental planners and ecologists established in 1998. Our integrated skills allow us to provide a cost effective range of professional services including landscape design, landscape and visual impact assessment and ecological consultancy to a diverse range of clients.

### Design

- Masterplanning • Design statements & reports • Woodland & open space strategies • Soft landscape design & cost estimates
- Hard landscape design • Maintenance & management plans • Site inspection and reports • Project management

### Assessment

- Feasibility studies • Strategic assessments • Screening and scoping reports • Landscape and visual impact assessments
- Site appraisals • Site comparisons • Tree condition surveys & constraints plans

### Ecology

- Screening and scoping reports • Ecological impact assessment • Expert eye walkovers • Habitat & vegetation surveys
- European protected species surveys • Mitigation proposals • Biodiversity & environmental management • Species monitoring

## what our clients & colleagues say about us

"From the outset it was clear that Brindley Associates knew exactly what they were about. Throughout all our meetings, discussions and correspondence I found Brindley Associates to be most helpful and I would have no hesitation in recommending them. We will be using their services in the future."

**Gordon Adams, Comstock Group of Companies**

"In our experience Brindley Associates provide valuable input during the life cycle of the design process leading to practical solutions, tailored to individual site conditions."

**Tom Smith, Partner at DR Murray Consulting Engineers**

"Bett are pleased to be connected with Brindley Associates who have, year on year delivered viable landscape assessments and designs of quality that satisfy the demands of the local authorities and our clients alike. Bett are also proud to have been Brindley Associates' first client when Joanne started the business in 1998."

**Neil Davidson, Development Director at Bett Homes**

## The Team

We have a unique team of qualified professionals with a diverse range of skills and abilities.

**Joanne Brindley** BA Dip LA CMLI

Joanne is our Managing Director; her main responsibilities include client contact, business development and leading design projects. Joanne has over 25 years of professional experience in both the public and private sector and her wide range of experience gives her an insight our clients' needs.

**Andy Macfarlane** BSc (Hons) Dip TP CMLI CBiol MSB CEnv MIEEM

Andy is a Director of Brindley Associates and his main responsibilities include leading habitat & protected species surveys, tree surveys and habitat management projects. Andy's qualifications and vast experience means he is well placed to advise clients on natural resource utilisation and biodiversity issues.

**Ross Wilkie** BSc (Hons) Ecol Dip LRM MLA CMLI

Ross is a Director of Brindley Associates. His dual qualifications as a chartered landscape architect and ecologist together with his considerable experience give him a unique overview and allow him to effectively manage staff and coordinate LVIA, landscape masterplanning and ecological projects.

**Victoria Hughes** BSc (Hons) MIEEM

Vicky is an ecologist and land manager with over ten years professional experience. Vicky undertakes ecological scoping reports; impact assessments; European Protected Species surveys and expert eye walkovers. She also assists with community liaison and habitat management planning.

**Jane Johnston** MA (Hons) LA, CMLI

Jane is a Chartered Landscape Architect and has a range of experience in LVIA, in commercial, residential and leisure sector projects together with; masterplanning; urban regeneration & design; public realm works and detail design experience.

**Suzanne Hyde** MA (Hons) LA

Suzanne is a Graduate Landscape Architect who has worked for the practice since 2008, both as a year out student and a graduate. Suzanne provides data management and supplies visualisations and graphics for our LVIA projects. Her experience also includes landscape design and LVIA reporting.

**Neil Goring** MA (Hons) LA

Neil is a Graduate Landscape Architect and joined the practice in early 2011 following the completion of his degree at Edinburgh College of Art. Neil provides baseline reporting, visual impact assessment, viewpoint photography, design and graphics support to the Directors.

**Scott Cochran** MA (Hons) LA

Scott recently joined the practice as a Graduate Landscape Architect following completion of his degree at Edinburgh College of Art. His role within the company is to undertake landscape and visual impact assessments, prepare visualisations and provide graphics support to the Directors.

### Specialist Consultants

In addition to the above team we also have excellent working relationships with other specialist professionals and we draw on their expertise when required. We work with Fenella Duncan for garden design; specialist ecological consultancies for Bat & Ornithological surveys and The Play Practice for play area design.

**Jo Simpson**

Jo Simpson of JK Business Services Ltd provides Brindley Associates with additional business support. Jo's role is to provide business financial planning advice, book keeping and H.R. services. She has worked with us to achieve Investors in People accreditation.

The aim of the business continues to be:

To provide a professional landscape & environmental planning service by creating efficient & sustainable solutions, to enhance new developments, improve bio-diversity and ensure the protection & management of existing landscapes.
